# Unregulated Bridge – an overview of our criteria

## Properties

**Residential investment property (including BTL)** in England, Scotland and Wales.

**All commercial property types (including land)** considered on merit.

## Valuations

For **residential properties**, we'll use whichever valuation comes back the **lowest**, either the open market valuation, the automated valuation model or the purchase price (whichever is applicable). If there is **more than a 10% difference** between open market value and 90 day market value, this should be referred.

For **commercial or semi-commercial properties**, all loans require a full valuation of the property and we'll use the 180 day valuation. If there is **more than a 15% difference** between the 180 day valuation and the 90 day valuation, this should be referred.

The **broker or applicant** must pay for any valuation that's needed, and it must be submitted with the rest of the pack.

## Valuation Bypass Scheme

AVM's are accepted on standard residential property types (excluding new builds). Maximum LTV and loan size may be reduced based on the confidence level.

All property valuations over £1 million are strictly subject to Underwriter approval. Additional audit valuations may be required on properties worth £1.5 million or above and on higher loan to value applications.

Further details available on each individual product plan.

## Loan Purpose & Exit Strategies

**First charge** is always required against the property being purchased.

The following **exit strategies** can be accepted: sale of current owner-occupied property, sale of the security, remortgaging or inheritance where a grant of probate has been issued.

**Re-bridging** an existing bridging loan may also be accepted.

**Please note** – independent legal advice will be required on all applications.

## Customer

We will consider many status profiles and a wide variety of income sources.

**Expats and non-UK** residents may be accepted.

There is a **minimum age** of 18 years and if self-funded, **no maximum age**. If income is required, a **maximum age** of 80 applies.

## Affordability

For properties **producing rental** income an **ICR of > 120% is acceptable**. If the property is not producing rental income or the ICR is not sufficient affordability will be based on **TSDI as below**.

Affordability will be assessed on a **total secured debt to income** (TSDI) ratio. The total secured debt payments should not exceed 50% of the clients net income/profit.

TSDI referrals can be accepted up to 75% of the client's net income/profit.

## Fees

All fees are based on the **net loan amount**.

**Legal costs** charged include VAT where applicable. For **legal representation & independent legal advise** criteria see page 16.

**Telegraphic Transfer Fee:** £30.

**Renewal fees:** At the end of the term, the loan may be renewed by approval with a 5% renewal fee being incurred.

**Further details** available on each individual product plan.

# Buy to Let & Homeowner Business Loan – an overview of our criteria

## Properties

**Standard property** – all standard construction houses and bungalows (including ex-council). Flats and maisonettes up to 6 stories (ex-council up to 4 stories) and purpose built apartments (excluding ex-council).

**Non-standard property** – all other property types, including ex-council flats and maisonettes (over 4 stories), non-standard construction, defective, high-rise (over 6 stories) or poor remarks on valuation. LTV for non-standard properties reduced by 10%. This could be reduced further subject to a full assessment.

**MUB's** accepted subject to units being let out separately on long term AST's. **Holiday Let's** based in a holiday park or cannot be used as a residential security **must be placed on the Commercial Term** Product.

## Valuations

We'll use whichever valuation comes back the **lowest**, either the open market valuation, the automated valuation model or the purchase price (whichever is applicable). If there is **more than a 10% difference** between open market value and 90 day market value, this should be referred.

If a 'cash' valuation has been supplied or 'poor' is detailed on the valuation, please refer.

There is no limit on the number or value of properties in the customer's portfolio. Maximum overall portfolio LTV is 75%. Please refer the case if there are more than 15 securities and the overall LTV is over 65%.

The **broker or applicant** must pay for any valuation that's needed, and it must be submitted with the rest of the pack.

## Valuation Bypass Scheme

AVM's are accepted on standard residential property types (excluding new builds). Maximum LTV and loan size may be reduced based on the confidence level. Further details available on each individual product plan.

All property valuations over £1 million are strictly subject to Underwriter approval. Additional audit valuations may be required on properties worth £1.5 million or above and on higher loan to value applications.

## Customer

**Individuals, sole traders, LLPs, Partnerships, Limited Companies** all accepted. **Portfolio landlords** accepted.

## Credit Profiles

Product selection is based on demerits. A demerit is allocated for each secured arrears, CCJ and default registered in the last 12 months. Demerits are allocated based on age and value. One demerit is allocated for each CCJ and default for:  
Unsatisfied: £300 - £10,000  
Satisfied: > £3,000  
Ignore all: ≤ £300 or satisfied ≤ £3,000  
Refer: unsatisfied > £10,000

## Affordability

All **affordability assessments on BTL variable** rate loans are **subject to a 1% stress test** to pay rate  
All **affordability assessments on Homeowner Business Loan variable** rate loans are **subject to a 3% stress test** to pay rate  
**BTL** – please see individual product plans.  
**Homeowner Business Loans** - Automated affordability using ONS averages for expenditure. If ONS fails, use full affordability using customers stated expenditure.  
**Holiday Let** – Affordability can be based on an ICR or a TSDI basis.  
Where there is 2 years rental history and this can be evidenced, 80% of the total annual income can be used and averaged over a 12 month period and ICR calculation will apply.  
If 2 years rental history cannot be evidenced, or if projected rental income is being used, the maximum income that can be used is 50%. This will be added to the clients outside net income sources and TSDI calculation will apply.  
**TSDI referrals** can be accepted up to 75% of the client's net income/profit.

## Fees

All fees are based on the **net loan amount**.  
**Arrangement Fee, Legal Costs** and **Title Insurance** are paid by the applicant and added to the advance.  
**Legal costs** charged include VAT where applicable. For **legal representation & independent legal advise** criteria see page 16.  
**Telegraphic Transfer Fee:** £30 applies to all cases.

**For UK customers with 0 demerits in the last 12 months.**

The **broker or applicant** must pay for any valuation that's needed, and it must be submitted with the rest of the pack.

AVMs are **not** accepted.

Rental income - 120% ICR

TSDI referrals accepted up to 75% of the customers net income/profit.
