The interest year for InterBay is calculated over 360 days. Bank of England Base Rate (BBR): 5.00% BBR is subject to a floor of 0.75% (if BBR exceeds 3% the floor resets to 3%)

Key holiday let criteria

- Available in England and Wales
- 2-30 years term available

Eligible applicants

- Must be an existing landlord
- Minimum income £30k per application
- Individuals, limited companies, LLPs, partnerships, trusts and trading companies

Acceptable property types

- Residential property up to 6 bedrooms
- No occupancy restrictions
- No park homes/caravans, houseboats or securities located on holiday parks or those of non-standard construction (such as log cabins)
- Standard single lets only

ICR (and calculation)

- ICR will apply for 2 year rates based on 5.50%, or the initial pay rate whichever is higher at 140% using gross rent
- ICR will apply for 5 year rates at the initial pay rate at 140% using gross rent
- Rent calculations based on a letting period of 30 weeks a year at an average of the low, mid, and high season rates, for example:
- 10 weeks high at £750 per week; 10 weeks mid at £650 per week; and 10 weeks low at £550 per week would result in £19,500 per annum and £1,625 per month would then be used for affordability purposes
- For purchase transactions we require evidence of the low, mid and high season rates from lettings agents
- For remortgages we require accounts showing income/occupancy or evidence of booking over the previous 12 months.

Physical valuations

For commercial cases, full physical inspections for valuations will continue, and shall be conducted via our panel manager by way of a bespoke valuation quote (excluding Holiday Lets, see Page 12 for valuation fee scale).

Fees

- A £145 administration fee is payable upon submission of the application and is non-refundable.
- The arrangement fee, which is non-refundable, is payable on completion and can be added to the loan. A 0.25% reduction in the arrangement fee applies to existing customers placing a new application.
- For Commercial and PBSA products: The valuation fee shall be paid directly by the applicant or broker to our panel manager at the point of instructing the valuation.
- For Holiday Let products: The valuation fee is to be paid to InterBay directly by the applicant or broker as per the valuation fee scale where the valuation will be instructed by InterBay.

Products now revert to Bank of England Base Rate (BBR) trackers

- On expiry of the fixed rate (the Starting Rate*), the Term Loan will revert to a rate of interest which will be variable at a Margin above the Bank of England Base Rate
- The variable rate of interest will move up and down in line with the Bank of England Base Rate, however if the Bank of England Base Rate falls below 0.75% the interest rate you're charged won't change, this is referred to as the minimum floor
- If the Bank of England Base Rate reaches 3%, the minimum floor rate becomes 3%
- In all cases the Starting Rate at completion is the lowest rate payable regardless of future changes to the Bank of England Base Rate
- Changes to the Bank of England Base Rate, subject to the minimum floors, will take effect from the 1st of the month immediately following the announcement of the change in the Bank of England Base Rate. Your new rate will be calculated by taking the Margin applicable to the Term Loan plus the Bank of England Base Rate.

* The Starting Rate is the Margin plus the higher of either the Bank of England Base Rate at the date of commencement of the Term Loan or 0.75% and will be defined in the AIP and Facility Letter.

Charges will apply for each additional title on the same loan – please see below.

Up to £500,000	£350		
£500,001 - £1,000,000	£650		
£1,000,001 and over	£950		

Please note the following assumptions:

- 1. VAT and Disbursements are payable in addition to the fee estimate
- 2. The fees quoted above are an estimate based on the following:
 - a) Title is not unduly onerous
 - b) Security comprises one property
 - c) Occupational leases are on commercially acceptable terms or properly granted AST's and no superior landlord consents need to be obtained
 - d) The loan proceeds to completion within a reasonable timescale and does not become unduly complicated
 - e) The transaction comprises an arm's length purchase at full market value with the consideration being paid in cash upon completion (on a purchase)
 - f) The planning status of the property is readily apparent with no outstanding elements and no development is ongoing or intended is not a new build/has not been subject to substantial works within the last five years.

These costs do not include any disbursements incurred in the course of the transaction. These will be in addition to the fees set out above. These costs are predicted on using No Search Insurance for re-finance transactions. The cost of the insurance will be charged in addition. Loans comprising multiple properties will be individually quoted. The fee quotes provided are on the basis that the matter is straightforward with no unforeseen complications. All legal fees will be deducted from the draw-down of the loan advance.

*Our fees for leasehold properties are on the basis that the lease specifically provides for and is drafted such that it anticipates the property may be used for holiday lettings. If this is not the case our fees will exceed the indicated amount.

Please note the following assumptions:

- The scale above does not anticipate any requirements there maybe for documents or deal structures outside those normal for a standard conveyancing transaction e.g. Subordination Deeds, Cross Guarantees, Share Purchase Agreements or foreign company borrowers. These will need to be quoted for separately.
- The security comprises a single property/title.
- It is assumed that the property was/is acquired via an arm's length purchase at full market value, that the title is free from any defects, and there is no recent development (including new build properties) which necessitates planning investigation (apart from the already accounted for "Holiday use not evidenced by planning permission").
- The scale assumes that given the transient nature of the occupation any letting agreement will be basic.

VAT and Disbursements are payable in addition to the fee estimate.

These costs do not include any disbursements incurred in the course of the transaction. These will be in addition to the fees set out above.

The fee quotes provided are on the basis that the matter is straightforward with no unforeseen complications.

All legal fees will be deducted from the draw-down of the loan advance.

Valuation fee scale - Holiday lets

The valuation fee is payable by the applicant prior to valuation instruction. The prices listed below are a guideline and may be subject to change. Fees are non-refundable once the valuer has visited the property but an abortive fee may be payable. Valuations are conducted for the lending purposes only and will not be provided to the client.

Where a property does not fit within the criteria listed below, a bespoke fee quote will be required. Where a bespoke fee quote is needed, please contact the sales team to confirm the cost.

Physical valuations

For semi-commercial cases, full physical inspections for valuations will continue, and shall be conducted via our panel manager by way of a bespoke quote.

Fees

- A £145 administration fee is payable on submission of the application and is non-refundable.
- The arrangement fee, which is non-refundable, is payable on completion and can be added to the loan. A 0.25% reduction in the arrangement fee applies to existing customers placing a new application.
- The valuation fee shall be paid directly by the applicant or broker to our panel manager at the point of instructing the valuation.

Products now revert to Bank of England Base Rate (BBR) trackers

- On expiry of the fixed rate (the Starting Rate*), the Term Loan will revert to a rate of interest which will be variable at a Margin above the Bank of England Base Rate
- The variable rate of interest will move up and down in line with the Bank of England Base Rate, however if the Bank of England Base Rate falls below 0.75% the interest rate you're charged won't change, this is referred to as the minimum floor
- If the Bank of England Base Rate reaches 3%, the minimum floor rate becomes 3%
- In all cases the Starting Rate at completion is the lowest rate payable regardless of future changes to the Bank of England Base Rate
- Changes to the Bank of England Base Rate, subject to the minimum floors, will take effect from the 1st of the month immediately following the announcement of the change in the Bank of England Base Rate. Your new rate will be calculated by taking the Margin applicable to the Term Loan plus the Bank of England Base Rate.

* The Starting Rate is the Margin plus the higher of either the Bank of England Base Rate at the date of commencement of the Term Loan or 0.75% and will be defined in the AIP and Facility Letter.

In all cases the Starting Rate at completion is the lowest rate payable regardless of future changes to the Bank of England Base Rate.

The interest year for InterBay is calculated over 360 days. Bank of England Base Rate (BBR): 5.00% BBR is subject to a floor of 0.75% (if BBR exceeds 3% the floor resets to 3%)

Minimum ICR requirements	Individual borrower	Limited company
Standard buy to let: A single dwelling, HMO with 6 or less lettable rooms or 6 or less units in a MUFB	140%	125%
Complex buy to let: HMO with more than 6 lettable rooms or more than 6 units in a MUFB	175%	145%

Fees

- A £145 administration fee is payable on submission and is non-refundable.
- The arrangement fee, which is non-refundable, is payable on completion and can be added to the loan. A 0.25% reduction in the arrangement fee applies to existing customers placing a new application.

Products now revert to Bank of England Base Rate (BBR) trackers

- On expiry of the fixed rate (the Starting Rate*), the Term Loan will revert to a rate of interest which will be variable at a Margin above the Bank of England Base Rate
- The variable rate of interest will move up and down in line with the Bank of England Base Rate, however if the Bank of England Base Rate falls below 0.75% the interest rate you're charged won't change, this is referred to as the minimum floor
- If the Bank of England Base Rate reaches 3%, the minimum floor rate becomes 3%
- In all cases the Starting Rate at completion is the lowest rate payable regardless of future changes to the Bank of England Base Rate
- Changes to the Bank of England Base Rate, subject to the minimum floors, will take effect from the 1st of the month immediately following the announcement of the change in the Bank of England Base Rate. Your new rate will be calculated by taking the Margin applicable to the Term Loan plus the Bank of England Base Rate.

* The Starting Rate is the Margin plus the higher of either the Bank of England Base Rate at the date of commencement of the Term Loan or 0.75% and will be defined in the AIP and Facility Letter.

The valuation fee is payable by the applicant or the broker, prior to valuation instruction. The prices listed below are for guidance only and may be subject to change.
