# Home Equity Line of Credit

The UK's most flexible secured loan

## What is the Selina HELOC

A HELOC is a secured loan that allows your clients to borrow flexibly for major expenses without changing their existing mortgage. Unlike traditional loans, it provides ongoing access to their home's equity without locking them into a fixed lump sum.

## How does a HELOC work

They will receive a credit limit and can draw funds as needed, repay on their own terms, and reuse the available balance for up to five years only paying interest on what they use. There are no ongoing fees, no need for them to remortgage, and no unexpected costs. It is simple, affordable credit when your client need it most.

## Clients can use a HELOC in many ways

- ✓ Home improvements
- ✓ Debt consolidation
- ✓ Buy-to-let purchases
- ✓ Weddings and holidays
- ✓ Business credit facility
- ✓ Bridging alternative
- ✓ School fees
- ✓ Combination of use cases

## Customer key points

**Loan amount:** £10,000 - £500,000

**Repayment Terms:** 5 - 30 years

**LTV:** 0% - 85%

**Drawdown period length:** Choice of 2, 3, 4, or 5 years

**Product fee:** 2Y - 2.0%; 3Y - 2.2%; 4Y - 2.4%; 5Y - 2.6% (capped at £9995)

**Credit Limit:** Customers can draw, repay and re-draw freely during the flexibility period.

## Broker key points

### 1.5% Procurement fee upfront:

You'll earn a fixed 1.50% of the net credit limit at inception. No minimum drawdown or utilisation required.

### Affordability calculation:

Affordability is assessed only on the repayment period (post-draw). We assume full utilisation at the end of the draw period, meaning monthly repayments are the same whether a client chooses a 2-year/ 5-year flexibility period.

### Clawback:

Clawback only applies if the facility is closed (i.e. legal charge removed) within 12 months. If the balance is repaid to zero but the facility remains open, there's no clawback.

Minimum Utilisation

There is no minimum utilisation requirement, either at loan completion or during the flexible drawdown period. However, a £50 minimum applies to all drawdowns (both initial and subsequent). If the borrower chooses to finance their fees, this £50 minimum applies only to the subsequent drawdowns.

# Home Equity Loan

Affordable financing options for homeowners

## What is the Selina Home Equity Loan

The Selina Homeowner Loan is a flexible second charge mortgage designed to help homeowners access the value in their property without disturbing their current mortgage. With tailored repayment options and competitive rates, it allows borrowers to keep their existing mortgage deal intact while still raising additional finance.

## How does the loan work

Once approved, the loan is released as a lump sum and repaid through fixed monthly instalments over an agreed term. With repayment periods of up to 30 years, clients have the flexibility to structure the loan to suit both their budget and long-term financial objectives.

## Homeowners can use a home equity loan in many ways

- ✓ Home improvements
- ✓ Debt consolidation
- ✓ Buy-to-let purchases
- ✓ School fees

## Key Points at a glance

**Loan amount:** £10,000 - £500,000

**Repayment Terms:** 5 - 30 years

**LTV:** 0% - 100%

**Product fees:** Ranges from £895 - £1395

**Procurement fees:** Up to 2% on net loan amount

## Product Benefits

For many clients, this can be a far more cost-effective solution than relying on credit cards, personal loans, or other financing options. It provides them with the flexibility to borrow for large expenses while keeping repayments manageable.

**High loan amounts:** Borrow up to £500k, depending on income and the equity in the property.

**Spread the cost:** Reducing monthly payments by spreading the cost over a longer term.

**Best rates:** Our homeowner loans feature the lowest rates in our portfolio.
