## Breaking the chain and moving on up the ladder.

We helped a customer buy their multi-million pound dream home with a chain-breaking regulated bridging loan, using their property sale and refinancing as the exit strategy to cover any shortfall.

### Loan purpose

Our regulated bridging loans support purchases, refinancing, investment acquisitions, and home improvements.

### Exit strategies

We structure loans around a range of exits, including property sales, inheritance and pension drawdowns.

### Refurbishing to sell

If the exit is a sale, we allow up to eight weeks for improvements before the property goes to market.

### No extra fees

There are no early repayment charges or lender legal fees on our regulated bridging solutions.
